Autumn is a nice season in Uzbekistan. The parks and streets are green, yellow, red and brown. There are a lot of beautiful flowers. It is warm, the sky is blue, the sun shines. The days are very nice in September and October. In November it often rains. Sometimes the wind blows. It is cool in November.

Lesson 53

Phew. This is not for me. It's dry and hot. This awful sun always looks at me and makes me melt. What can I do? Oh, help me! I must have fresh air. I must have snow and ice. Sun, sun go away.

Dear Meg

I'm having a good time here in Bukhara. We are visiting people and eating a lot of food. My new friends are great. Bukhara is a beautiful town with a lot of

interesting places. Look at my photos. They're beautiful!! What is your favourite photo? Mine is the Ark. The weather is fine. Look at the sky! blue, blue, blue!

Love

Nancy

Lesson 56

A. The mountains in Uzbekistan are beautiful. There are a lot of flowers there. There are big animals: bears and snow leopards, for example. Snow leopards are very rare animals. Rare means [mins] that there are not a lot of these animals in the world. In the mountains there are small animals, snakes, birds and beautiful butterflies too.

B. There are tugai [tugay] forests near the Sirdarya, Amudarya and Zarafshan rivers. There are deer in tugai. When you are in Tugai you cannot see wild animals. They don't like people. They run fast. But you can hear a lot of birds, wild ducks and frogs and see hedgehogs and beautiful butterflies. The snakes in the tugai are not poisonous, but be careful - there are a lot of mosquitos.

C. In the desert there are foxes and gazelles. There are a lot of small animals too: snakes, lizards, tortoises and spiders. A lot of snakes and spiders are poisonous. But we must not kill them. A lot of animals in the desert are rare. Varans live in the desert. They are dangerous for small animals but not for people.

Lesson 57

Four friends live in the town of Bremen. They are: a donkey, a cat, a dog and a rooster. They like music and singing. The first friend is not big. He has got four legs and a long tail. He likes playing guitar. He can sing loudly. The second friend is very big. He is grey. He has got long ears and big eyes. He runs fast. He likes eating grass. The third friend has two legs. He likes singing in the mornings. He is beautiful, because his body and his tail is black, red, blue and green. The fourth friend can bark. He is clever. He loves his friends and he always helps them.

Lesson 58

There is a book shop in our street. It is a big house. We like to go to the book-shop every week. There are many English, Uzbek and Russian books in the book-shop. I want to go to the book-shop tomorrow because I want to buy an English book. I can speak and read English quite well. My friend Nafisa wants to go to the book-shop with me, because he wants to buy English books too. Nafisa speaks & reads English quite well.

Lesson 59

Spring

There are four seasons in a year. They are spring, summer, autumn and winter. Let's speak about Spring. Spring is a beautiful season in Uzbekistan. The trees are

green. The streets and the gardens are green too. We celebrate our national holiday Navruz in Spring. The old and the young people like this holiday very much, because it is the beginning of a new year in central Asia. The old people prepare sumalak and the young people dance and sing. We enjoy Navruz very much.

lesson 65

My name is Aziz. We live in a small village near Fergana. My cousin's name is Nigora. She is my parents' niece. My father and her father are brothers. Nigora is getting married. A lot of relatives are here for the wedding party. We are busy. My uncle's friend is making palov. My sister Sabina and aunt Ozoda are making cakes. My mother is helping her niece with her wedding dress. My grandparents are here too. They are very old. They live in Fergana. I am making a video and taking photos. It's great. I want to be a reporter.

Lesson 66

Dear Aziz,

Thanks for your letter. You ask me to describe my house. It is a two-storey house. Upstairs on the first floor there are three bedrooms, a bathroom and a toilet. My bedroom is between my parents' room and my brother's room. My room is bigger than his room. My room is the best!

Downstairs on the ground floor there is living room, a dining room and a kitchen.

There is a small but beautiful garden in front of the house. We like playing in the garden. Sometimes we eat in the garden. My dad parks his car in the street in front of the house.

Please write to me soon about your house.

Love

Lucy

Lesson 67

Dear Lucy

Thanks for your letter and the photo of your house. It looks great.

I live in a big house. There are nine rooms in it. There is a living room, a dining room and five bedrooms, a kitchen and a bathroom.

My dad's favourite room is living room. Look at the photo. There are three armchairs, a big sofa, a table and six chairs in it. There is a big TV on the wall. We like watching TV in the evening. Our favourite channel is National Geographic. I like watching about different animals, insects, birds and fish. They are very interesting! My mum's favourite room is the kitchen. She likes her big fridge and a new dishwasher. I like them too! It is nice that your house and our house have two storey-house. Come and visit us. Come soon.

Love,

Aziz

Lesson 71

To be healthy you must eat good food. Good food gives you a lot of energy, vitamins and minerals. The best way to get these is to eat fresh fruit and vegetables five times a day. Drink a lot of water. You should have two litres every day. You should eat bread, meat and potatoes for energy. Eggs, fish and milk make your bones strong. Meat, eggs, fish, cheese, milk help you to be strong. To have good hair and eyes you should eat eggs and fish. But you shouldn't eat a lot of sweets or chocolates because they are bad for your teeth. And you shouldn't eat at a different time or often eat a lot.

Lesson 72

Doctor White tells us how to look after our rabbits.

Well, the first thing I want to tell you is that carrots are bad for rabbits' teeth. A lot of people don't know this. But rabbits shouldn't eat carrots. Rabbits' teeth grow very quickly: two millimetres a week. Usually this is ok because in the wild rabbits eat a lot of grass. In fact they eat for half the day. But domestic rabbits always stay at home. They don't eat much grass. We give them other things like carrots. But this gives rabbits a problem. Their teeth grow and grow fast. They get very long and this is bad for the rabbit.

So remember — don't give your rabbit a lot of carrots. One or two carrots a week is good. Give your rabbit lots of grass.

Lesson 78

Dear Aziz,

On Sunday I celebrated my birthday. That was my best birthday! I had a beautiful birthday party in our garden. I invited my best friends and relatives. My mother cooked a big tasty cake. I got lots of presents. I wanted to know what the presents were. It was so exciting opening all the presents. I got a lovely picture from my brother, two interesting books from my aunt and uncle. My father gave me a CD with songs of my favourite singers and my friend Diana gave me a big box of chocolates. My grandmother gave me beautiful flowers. And I had a lot of birthday cards from my friends. We danced, sang songs and played funny games with the clowns. I liked my birthday party very much.

Please write about your best birthday.

Love

Lesson 79

Some people say his cook was the first person to cook palov. One day he was hungry. His soldiers were hungry too. He said to his cook, „please cook something special”. The cook took rice, oil, carrots, meat and onions and made palov. All soldiers liked it and they ate a lot. Now palov is many people’s favourite meal.

Some people say he made the first palov. A sick man came to him and asked for help. He looked at the man and checked his health. Then he said, „take rice, oil, carrots, meat and onions and cook them. Add some water. When it’s ready, eat it. Do this often. This meal makes you strong. This was the first palov. People in Uzbekistan eat it often and it makes them strong.

lesson 84

Children can do a lot of good things to save our world. People in cities waste a lot of water every day.

- You brush your teeth. The water runs. You waste 15-20 litres of water every minute.
- In summer the water runs when you wait for cold water. You can fill 24 bottles.
- you do your washing up. The water runs. You waste 38 litres of water.
- You have a shower. You use 15-20 litres of water every minute! You can fill 40 big bottles.
- You have a bath. you use 230 litres of water.

When you reduce the water you use, you save water. Learn from people in villages.

Lesson 85

People cut down trees for farms, houses to make bread, to cook, to keep their houses warm and to make paper. When people cut down trees they destroy forests. Over the past 70 years people cut down 50% of the rain forests. Paper comes from trees. When we use a lot of paper, we must cut down a lot of trees. Trees give us clean air and oxygen. Trees are homes for many animals and birds. So trees are very important for us. We must take care of them.

Lesson 86

Last Sunday we were at home. We got up late and had breakfast. After breakfast we wanted to watch tv. Suddenly our granny phoned. She and grandfather wanted to visit us. We looked around: our rooms were untidy. We started to tidy up the rooms. Our grandfather and grandmother came at 11 a.m. We were busy at that time. Sabina was dusting the room. Madina and Davron were working in the yard. Madina was sweeping and Davron were working in the yard. I was cleaning the rug with vacuum cleaner. We made tea and asked our grandparents to sit and watch TV.
